Company description

Torgo Corporate is the holding company of an innovative industrial ecosystem in electric mobility and energy storage. It owns companies such as Little Electric Car España (manufacturer of the 100% electric TORGO 4×4 vehicle) and Little Electric Energy (manufacture of energy storage systems with second life batteries). It coordinates strategy, investment and technological development to lead industrial electrification from Galicia.

Products and services

Module or function

Safety electronics / vehicle dynamics

Torgo Corporate, through its subsidiaries, develops industrial products such as the TORGO 4×4 electric multipurpose platform, as well as the management and use of electric vehicle batteries (Little Electric Car España, S.L.) and energy storage systems (Little Electric Energy S.L.). The company coordinates industrial strategy, product design, certifications, and both institutional and commercial relations for its subsidiaries.

Auxiliary services

- Diverse
- Engineering
- Industrial supplies
- Machinery and small integrated lines
- Maintenance and services

Strategic management, business development, internationalisation, investments, relations with the automotive, mobility and defence ecosystem. Coordination of product development and certifications for own industrial platforms.

Processes and technologies

Other technologies

Torgo Corporate leads the technological development of electric mobility platforms, integration of hardware/software solutions, battery waste management, reuse and manufacture of energy storage systems, electric vehicle chargers and industrial design of multipurpose systems. It also coordinates certification, homologation, testing and industrial validation.

Main customers

Public administrations, European organisations, security forces, vehicle OEMs and mountain resorts.
